

Our curriculum – The Felix Way!

At Felix Primary School we believe in providing a world class education locally enabling every child to flourish in line with Sapientia Education Trust.

We have three behaviour rules:

- Ready
- Respectful
- Safe

This year we are introducing three values upon which we will pin our experiences we provide every day:

- Achievement
- Resilience
- Kindness

These rules and values are threaded through our curriculum and assemblies. The spiritual, moral, social and cultural development of our students is of utmost importance and will be taught through our PSHE curriculum and assemblies.

Our curriculum is carefully designed to be broad and balanced, building on knowledge and skills of every child through each Key Stage, whatever their starting point, to enable academic success and readiness for high school and beyond. In EYFS, the 'building blocks of knowledge' are provided to prepare children for the statutory requirements in Key Stage 1.

At Felix, we want our children to have rich experiences which support them to become responsible citizens as well as successful learners. Our enrichment programme is filled with exciting and engaging activities which introduce the wider world to all our pupils.
